Career & Technical Education (CTE) Pathways

CTE Pathways are a sequence of courses designed to prepare for employment and further study in specific career paths of interests. Each pathway is grouped by industry sector. These courses provide students with academic, technical, and real world skills to be prepared for a variety of career options. In high school, these pathways include an internship.

LMS Class: Agriculture	LMS Class: Arts & Media	LMS Class: Construction
WHS Pathways: Agriculture Mechanics SEED Academy Agriscience Animal Science	WHS Pathways: Arts, Media, & Entertainment	WHS Pathways: Residential & Commercial Construction Building Trades & Construction

ZERO Period

Allows students to take 2 electives.

Starts at 7:30 am (1 hour before the rest of the school)

Only select if you can commit and can make it to school early. Students will not be dropped once placed in it.

Student and Parent/Guardian must sign a contract stating that they understand what is involved when taking a zero period and must make the commitment to attend, be on time daily, and will not be able to drop the class once the commitment is made.

Zero Period classes will only be offered if enough students select this option.

For more information on electives, let's check out this link:

[Lee Middle School 8th Grade Electives 2023-24](#)

Schedule Change Policy

- Changes cannot be made to your schedule due to teacher or period preference
- If you do not submit your requests, we will choose your classes for you.
- Changes will not be done for students who do not submit a [Course Change Form](#).
- Zero Period is a 1 year commitment, once students are placed in the class, they will not be dropped. A [contract](#) must be signed by Feb. 17 by parent and student to take a zero period class.

DEADLINE for Changes: February 17th
